

**Social Work
Through Your
Library**

What do we do?

SHARE ALL THE THINGS

WHO

Library staff \neq Social Workers.

We are experts in community needs and resource navigation.

WHAT

The need to track down resources on a daily basis takes time and could point residents in the wrong direction unintentionally.

HOW

An aggregate website to help navigate social needs and resources from national to local levels.

WHY

Each library is an island--let's share and help connect residents to resources they need!

SWTYL.ORG

A comprehensive website to navigate social needs resources
